## ACTION REPORT

• TAKE ACTION •

CARPENTERSVILLE VILLAGE HALL  
1200 L.W. BESINGER DRIVE

## REMOVE MEMBERS FROM BOARD OF TRUSTEES

### 1. PAUL HUMPFER

**REASON #1:** Convicted of 4 counts of Domestic Battery, used a baseball bat

**EXPLANATION:** Found guilty by a court of law of hitting his wife in the legs and hip with a baseball bat, he refuses to resign. We do not need a criminal serving on the Village Board.

**REASON #2:** Violations against the People and misleading Village Staff

**EXPLANATION:** Humpfer is a trustee discovered to be **conducting secret meetings to discuss Village business, for more than a year, on Village property**, with an anti-illegal immigration group using his Trustee packet. Mised Village staff about meeting attendees. **Open Meetings Act violation** found when meeting agenda listed 4 members of the Audit & Finance Commission, including Humpfer and Sigwalt, “strategized” at the meeting. **Did not notify Village officials of out of state residency**, refused to answer question on residency. We do not need elected officials who attempt to make policy in secret and withhold information.

### 2. JUDY SIGWALT

**REASON #1:** Supports keeping convicted criminal in office

**EXPLANATION:** Sigwalt stated she will not support removal of convicted wife beater, Paul Humpfer, from office, and instead wants to punish the Village President for taking actions supported by the People. We do not need elected officials that protect and defend domestic abusers and do not seek to represent the entire Village.

**REASON #2:** Violations against the People and misleading Village Staff

**EXPLANATION:** Was instrumental in **conducting secret meetings to discuss Village business, for more than a year, on Village property**, with an anti-illegal immigration group using her Trustee packet. **Mised Village staff** about meeting attendees. **Open Meetings Act violation** found when meeting agenda listed 4 members of the Audit & Finance Commission, including Sigwalt, “strategize” at the meeting. Sought to **change Village rules to protect herself and her friends/supporters**. We do not need elected officials who attempt to make policy in secret and do not seek represent the entire Village.
